USI25
Alumni & Alumnae Reunion
03-05 September 2021
Mendrisio - Lugano
Dear alumnae and dear alumni,

in the autumn of 1996, just over 300 freshmen began classes on the Lugano and Mendrisio Campuses.

Twenty-five years have passed, and some of them are still here, while many others enrolled in this reunion finished their studies a few years ago. Despite its young age, USI has come a long way. It is important to emphasise this because it is also an achievement for all of you. Your presence here today proves that there is a lasting bond between you all and our University, a relationship that stretches well beyond the duration of your studies. Years ago, your decision to study at USI represented a significant investment in your lives in terms of time, energy and resources. In this reunion, you will be able to see how this investment has matured: if 25 years ago, choosing USI might have been considered a bold choice, today our institution has become well established in the eyes of the academic world and the world of politics, in the world of work, and in the most important international rankings. You, too, have contributed to this process of consolidation.

From the very beginning, it has been clear to us that the most important ambassadors of our University are qualified graduates, equipped to face and seize the opportunities of an increasingly dynamic and complex working environment. Our fates are linked. The more you succeed in your professional life, the more our reputation grows. And, vice versa, the more our reputation increases, the more the value of your degree on the job market also rises. To give you an idea of how far USI has come, here are some figures. Today USI counts 3'350 students from 100 countries and 10'500 graduates working in 120 countries all over the world. It receives competitive research funding of 20 million CHF per year, is ranked 20th globally among small universities by Times Higher Education and is among the top 300 in both the Times Higher Education and QS rankings. It offers 6 Bachelor's degrees, 24 Master's degrees and 13 PhD programmes in five faculties and on four Campuses. It is a genuine ‘knowledge lab’, always dynamic and on the move, where knowledge is created, and ideas are shaped in the fields of architecture, communication, law, economics, medicine and biomedicine, informatics, public health, computational science, data science and the humanities.

I hope that you will be able to rediscover all this wealth in this reunion, made up not only of facts and figures such as those just listed but above all of the faces and stories of our key players. Welcome back to your alma mater!

Boas Erez
USI Rector
Care alumae e cari alunni,
nell’autunno del 1996 poco più di 300 matricole iniziavano le lezioni sui Campus di Lugano e Mendrisio.
Sono passati 25 anni e alcuni di loro sono qui presenti, mentre molti altri iscritti a questa reunion hanno terminato gli studi pochi anni fa. Nonostante la sua giovane età, l’USI ne ha fatta di strada. È importante sottolinearlo perché si tratta di un successo anche vostro. C’è infatti un legame duraturo che unisce tutti voi alla nostra Università, un rapporto che si prolunga – e la vostra presenza qui lo dimostra – ben oltre il periodo degli studi. Anni fa la vostra scelta di studiare all'USI è stata un investimento molto importante nella vostra esistenza, per il tempo le energie e le risorse che ha assorbito. In questa reunion potrete vedere come è maturato questo investimento: se 25 anni fa scegliere l'USI poteva essere ritenuta una scelta coraggiosa, oggi la nostra realtà si è consolidata sia agli occhi del mondo accademico e politico, sia del mondo del lavoro, sia nei più importanti ranking internazionali. Anche voi avete contribuito a questo consolidamento: fin dall'inizio, per noi è stato chiaro che tra gli ambasciatori più importanti della nostra Università ci sono dei laureati di qualità, in grado di affrontare e cogliere le opportunità di un mondo del lavoro sempre più dinamico e complesso. I nostri destini sono legati. Più voi vi affermate nella vostra vita professionale, più aumenta la nostra reputazione. E, viceversa, più aumenta la nostra reputazione, più il valore del vostro diploma sul mercato del lavoro aumenta. Per darvi un’idea della strada percorsa dall’USI, ecco qualche cifra.
Oggi l’USI ha 3'350 studentesse e studenti, 100 Paesi rappresentati e oltre 10'500 laureate e laureati che lavorano in tutto il globo. Ottiene fondi di ricerca competitiva per 20 milioni di CHF l’anno, secondo Times Higher Education si classifica 20esima al mondo tra le università di dimensioni contenute ed è tra le migliori 300 in assoluto sia nel ranking generale della stessa Times Higher Education sia in quello di QS. Offre 6 Bachelor, 24 Master e 13 percorsi dottorali in cinque Facoltà e su quattro Campus, ed è una vera e propria “officina del sapere”, sempre attiva e in movimento, dove si crea conoscenza e si plasmano idee nell’ambito di architettura, comunicazione, diritto, economia, medicina e biomedicina, informatica, salute pubblica, scienza computazionale, scienza dei dati e studi umanistici.
Mi auguro che in questa reunion avrete modo di riscoprire tutta questa ricchezza, fatta non solo da fatti e cifre come quelli appena elencati, ma soprattutto dai volti e dalle storie di chi ne è protagonista. Bentornati nella vostra alma mater!

Boas Erez
Rettore USI
