The Clinica Luganese Moncucco and the Università della Svizzera italiana (USI) are seeking applications for the position of

Senior consultant, Center of internal medicine at the Clinica Luganese Moncucco
Full Professor of general internal medicine at Università della Svizzera italiana

The successful applicant will hold the positions of:

- Senior consultant, Center of general internal medicine of the Clinica Luganese Moncucco.
- Full Professor (tenure) of general internal medicine at the Faculty of Biomedical Sciences of the Università della Svizzera italiana (USI), Institute of Human Medicine, co-responsible for the organization of the theoretical and clinical teaching in general internal medicine within the framework of training in Human Medicine.

Essential criteria:

- Post-graduate degree in general internal medicine pursuant to art. 20 and 21 of the Federal Law on University Medical Professions (LPMed). Mebeko acknowledgement is required for foreign qualifications.
- Academic qualifications in general internal medicine (Associate or full Professor) in a Swiss or foreign University.
- Solid and proven clinical and managerial experience in running a hospital department.
- Solid and proven experience in conducting a research program (basic, translational and/or clinical).
- Comprehensive knowledge of general ambulatory medicine and experience of collaboration together with general practitioners.
- Willingness to collaborate with an established team of specialists active in the various fields of general internal medicine and other relevant disciplines at the Clinica Luganese Moncucco.
- Commitment to fostering the academic development of co-workers, ensuring continuity with the existing activities.
- Commitment to academic teaching, to the development of basic and continuing education in general internal medicine and a marked interest in scientific research.
- Motivation to collaborate with the members of the Faculty of Biomedical Sciences of the Università della Svizzera italiana (USI) for the definition and implementation of study curricula and for the development of research within the Faculty.
- Adequate command of Italian, a second national language and English.

The successful applicant will be offered:

- The opportunity to join a solid and experienced staff team at the Clinica Luganese Moncucco.
- The involvement in a new Faculty of Biomedical Sciences.
- Active participation in the development of a new Faculty of Biomedical Sciences at USI.

The starting date is subject to negotiation.

The conditions of appointment are outlined in the recruitment policy for Clinica Luganese Moncucco staff and physicians and, for the academic part, in the Terms of Reference and Regulations on the general working conditions of academic staff at USI. USI and Clinica Luganese Moncucco aspire to be a model university and employer aiming at ensuring equal recruitment opportunities, development, retention and promotion of staff, and precluding any prejudice to candidates on the basis of gender, cultural background, disability, sexual orientation or identity. We encourage all candidates that meet the selection criteria to apply. We particularly encourage and appreciate female candidatekts.

Applications, in digital format, will include curriculum vitae and photocopies of study and work certificates, and shall be sent by e-mail to: concorsomedicinainterna@usi.ch no later than by May 10, 2019. Incomplete applications, received at other addresses, in paper format or after the deadline, will not be accepted.
