Lecture course

Biblioteca Neurocentro
and virtual Zoom

International PhD Program: Seminars in Biomedical Neurosciences

Lectures
organised
by

Ente Ospedaliero Cantonale
Neurocentro della Svizzera Italiana
Istituto di Neuroscienze Cliniche della Svizzera Italiana

All seminars will be
conducted Virtual on Zoom

Wednesday
17h30 – 18h30

24th January
Sander van Kuijk
Maastricht University, Limburg,
Nederland
“The holy grail of science”
[Link Zoom](#)

13th March
Roberto Di Maio
Institute for Neurodegenerative,
University of Pittsburgh, Pittsburgh,
USA
“Exploring oxidative signaling in
Parkinson’s disease: uncovering
complex pathways and potential
therapeutic avenues.”
[Link Zoom](#)

27th March
Ilaria Callegari
Dipartimento di Biomedicina,
University of Basel, Basel,
Switzerland
“Intrathecal IgM response in
multiple sclerosis includes
brain-reactive antibodies”
[Link Zoom](#)

24th April
Rosario Moratalla
Spanish National Research Council
(CSIC), Madrid, Spain
“Anxiety and Depression in Par-
kinson’s Disease: Evidence from
Animal Models”
[Link Zoom](#)

29th May
Tiziana Borsello
Department of Pharmacological and
Biomolecular Sciences, University of
Milan, Italy
“The role of JNK3 protein in
neurodegenerative diseases”
[Link Zoom](#)

5th June
Veit Mylius
Philipps University of Marburg and
Rehabilitation in the Valens Clinics,
Valens, Switzerland
“Association of pain with
Parkinson’s disease”
[Link Zoom](#)
