The academic year runs over two semesters:

**Semester 1 (Winter Semester):**
- Application Deadline: May 15
- Orientation Period: September
- Lecture Period: Mid-October - Mid-February
- Exam Period: February - March

**Semester 2 (Summer Semester):**
- Application Deadline: November 15
- Orientation Period: March
- Lecture Period: ~ Easter - End of July
- Exam Period: July - August

The actual dates for orientation, lecture periods and exam periods vary from year to year. Individual time periods for projects / final thesis or clinical electives / hospital rotations are also possible, but only during certain time windows.

For more information see: [www.uni-ulm.de/en/io/mob-in/plan/dates-deadlines](http://www.uni-ulm.de/en/io/mob-in/plan/dates-deadlines)

For application information see: [www.uni-ulm.de/en/io/mob-in/applying/erasmus semp sms](http://www.uni-ulm.de/en/io/mob-in/applying/erasmus semp sms)

---

**A PLACE TO CALL HOME**

It is easy to feel at home in the city of Ulm, however, it is quite hard to find a furnished room or apartment on the private market. But don’t worry: you won’t have to sleep under a bridge across the Danube.

The International Office cooperates closely with the Studierendenwerk Ulm, the local Student Service Agency. They manage 10 student residences in Ulm with over 1,600 rooms, most of which are furnished. And although we cannot guarantee a room for every applicant, we are proud to say that we have always been successful so far. Just make sure to submit your application on time!

Housing assistance by the International Office is provided free of charge to all students from partner universities who come to Ulm University for a student mobility for studies (SMS) in the framework of the Erasmus+ programme.

For more information see: [www.uni-ulm.de/en/io/mob-in/planning/housing-assistance](http://www.uni-ulm.de/en/io/mob-in/planning/housing-assistance)

---

**ALL BEGINNINGS ARE DIFFICULT**

This is particularly true when you start your studies in a foreign country in an unknown environment. In order to make your start in Ulm as easy and successful as possible we have the following offers for you:

- **Student Tutors for Exchange Programme Students: S.T.E.P.S.**
  - All new incoming students will be picked up by a S.T.E.P.S. tutor at the train or bus station in Ulm. The tutor will have a welcome package for you and the keys to your room. Your tutor will help you to get to your residence, assist you with all the administrative procedures during the first few days and show you around the city and the campus.

- **Orientation Programme**
  - Intensive German Language & Culture
  - Prior to the start of every semester, in March and in September, we offer a month-long orientation programme which includes an Intensive German Language Course and various Culture Modules. Participation in this programme is free of charge. Upon successful completion, participants will receive a certificate and 3 ECTS.

For more information see: [www.uni-ulm.de/en/io/mob-in/planning/orientation-period](http://www.uni-ulm.de/en/io/mob-in/planning/orientation-period)

---

**ERASMUS ULM + Friends**

The local Erasmus group organizes many fun activities for international students: a city rally and a welcome party; excursions and day trips, e.g. to the Oktoberfest in Munich, swimming, skating, skiing, and much more. Probably the best way to make new friends and get to know Ulm.

---

**ULM: WHERE TRADITION MEETS INNOVATION**

Founded around 850, Ulm is rich in history and traditions. The city is famous for its gothic minster with the world’s tallest steeple (161.53 m or 530.95 ft). And it is the birthplace of Nobel Prize winning physicist Albert Einstein.

Ulm is situated on the banks of the river Danube, which marks the border between Baden-Württemberg and Bavaria. With approx. 220,000 inhabitants, Ulm is a city of short distances, but a multitude of cultural offers.

Ulm University is a founding member of YERUN: the Young European Research Universities Network, a cluster of highly-ranked, young universities in Europe, which serves the prime objective to strengthen and develop cooperation in the area of scientific research, academic education and service to society on an equal basis and for their common benefit.

---

**IN ULM, UM ULM UND UM ULM HERUM**

By the end of your stay in Ulm, you should be able to pronounce this famous tongue twister, which roughly means. In Ulm, around Ulm and round around Ulm. And hopefully, you will have seen quite bit of our city and region. Find out how to get to Ulm – and where to get from Ulm.

Ulm can be easily reached by fast train connections from any of the airports in Stuttgart, München, Memmingen, Friedrichshafen, Frankfurt or Nürnberg.

On your weekends or during vacation, you will enjoy visiting historical cities like Heidelberg, Freiburg or Rothenburg ob der Tauber, and the famous Neuschwanstein Castle is also not far away. If you like hiking and winter sports, you will find plenty of opportunities in the nearby Black Forest and the Alps. With its shorelines across Germany, Austria and Switzerland, Lake Constance offers many attractions to explore during your free time.
Mathematics (ISCED 0541/0542)

Study Programmes taught in German/English:
- Mathematik (B.Sc./M.Sc.)
- Wirtschaftsmathematik (B.Sc./M.Sc.)
- Mathematische Biometrie (B.Sc./M.Sc.)

Incoming Students’ Advisor:
Anja Schmidt
wima-austlandsstudienberatung@uni-ulm.de

Departmental Coordinator:
Professor Dr. Jan Beyersmann
jan.beyersmann@uni-ulm.de

COMPUTATIONAL SCIENCE AND ENGINEERING (ESED 0558)

Study Programmes taught in German:
- Informationsystemtechnik (B.Sc./M.Sc.)
- Informationstechnik (B.Sc./M.Sc.)

Incoming Students’ Advisor:
Beate Mayer
beate.mayer@uni-ulm.de

Study Programmes taught in English:
- Computer Science (B.Sc./M.Sc.)
- Computer Science and Engineering (B.Sc./M.Sc.)

Departmental Coordinator:
Professor Dr. Karsten Urban
carsten.urban@uni-ulm.de

Do you want to study abroad?

Study Programmes taught in English:
- Business and Economics (ISCED 0412/0413)

Business and Economics (ISCED 0412/0413)

Study Programmes taught in German:
- Wirtschaftswissenschaften (B.Sc./M.Sc.)
- Nachhaltige Unternehmensführung (M.Sc.)

Incoming Students’ Advisor:
Anja Schmidt
wima-austlandsstudienberatung@uni-ulm.de

Departmental Coordinator:
Professor Dr. Christian Lang
christian.lang@uni-ulm.de

Study Programmes taught in English:
- Communications Technology (M.Sc.)

Departmental Coordinator:
Dr. Werner Teich
werner.teich@uni-ulm.de

Electrical Engineering (ISCED 0714)

Study Programmes taught in German:
- Elektrotechnik (B.Sc./M.Sc.)
- Informationstechnik (B.Sc./M.Sc.)

Incoming Students’ Advisor:
Dr. Werner Teich
werner.teich@uni-ulm.de

Study Programmes taught in English:
- Computer Science (B.Sc./M.Sc.)
- Computer Science and Engineering (B.Sc./M.Sc.)

Departmental Coordinator:
Professor Dr. Carsten Urban
carsten.urban@uni-ulm.de

STUDY OFFERS

Ulm University offers about 70 study programmes, including 12 Master programmes taught entirely in English. And even our German-taught programmes offer select courses in English. Erasmus+ students are expected to take the majority of their courses from programmes in that department in which the Erasmus+ agreement between Ulm and their home institution is made.

- It is possible to take some extra courses offered by other departments in the same faculty, but not from another faculty.
- In addition, students may choose courses offered by the University of Konstanz or the Humboldt Center for Philosophy and Humanities.
- It is possible to choose a combination of courses in German and English, as long as the student meets the language requirements in both languages.
- It is even possible to choose courses from both, Bachelor and Master programs, as long as the student meets the requirement for Master level courses.

Please note:
- In order to attend Master courses, you must have Master level, meaning that:
  - you must have formally completed a Bachelor degree or
  - you must have finished three years of studying at a university or
  - you have completed at least 90 ECTS credit points by the time you start your studies at Ulm University.

For more information on our study offers and courses see:
www.uni-ulm.de/en/io/mob-in/planning-study-abroad/study-offers

Computer Science (ISCED 0610)

Study Programmes taught in German:
- Informatik (B.Sc./M.Sc.)
- Medieninformatik (B.Sc./M.Sc.)
- Software Engineering (B.Sc./M.Sc.)

Study Programmes taught in English:
- Cognitive Systems (M.Sc.)

Departmental Coordinator:
Professor Dr. Jacobo Toran
jacobo.toran@uni-ulm.de

Incoming Students’ Advisor:
Dr. Markus Maucher
markus.maucher@uni-ulm.de

Study Programmes taught in English:
- Cognitive Systems (M.Sc.)

Departmental Coordinator:
Professor Dr. Olga Pollatos
olga.pollatos@uni-ulm.de

Incoming Students’ Advisor:
Lisa Hartmann
lisa.hartmann@uni-ulm.de

Psychology (ISCED 0553)

Study Programmes taught in German:
- Psychologie (B.Sc./M.Sc.)
- Psychologie (B.Sc./M.Sc.)

Study Programmes taught in English:
- Cognitive Systems (M.Sc.)

Departmental Coordinator:
Professor Dr. Olga Pollatos
olga.pollatos@uni-ulm.de

Incoming Students’ Advisor:
Lisa Hartmann
lisa.hartmann@uni-ulm.de

ENGINEERING, COMPUTER SCIENCE AND PSYCHOLOGY

Physics (ISCED 0533)

Study Programmes taught in German:
- Physik (B.Sc./M.Sc.)
- Wirtschaftsphysik (B.Sc./M.Sc.)

Study Programmes taught in English:
- Advanced Materials (M.Sc.)
- Physics (M.Sc.)
- Biophysics (M.Sc.)

Departmental Coordinator:
Professor Dr. Susana Fernández Huelga
susana.huelga@uni-ulm.de

Chemistry (ISCED 0531/0532)

Study Programmes taught in German:
- Chemie (B.Sc./M.Sc.)
- Chemieingenieurwesen (B.Sc./M.Sc.)
- Wirtschaftschemie (B.Sc./M.Sc.)

Study Programmes taught in English:
- Energy Science and Technology (M.Sc.)
- Chemical Engineering (M.Sc.)

Departmental Coordinator:
Professor Dr. Mika Lindén
mika.lindén@uni-ulm.de

Incoming Students’ Advisor:
Anne Leins
anne.leins@uni-ulm.de

Molecular Medicine (ISCED 0540)

Study Programmes taught in German:
- Molekülare Medizin (B.Sc./M.Sc.)
- Molekular Medizin (B.Sc./M.Sc.)

Study Programmes taught in English:
- Molecular Medicine (M.Sc.)

Departmental Coordinator:
Professor Dr. Michael Kühn
michael.kuehn@uni-ulm.de

Incoming Students’ Advisor:
Katharina Schiberg
katharina.schiberg@uni-ulm.de

BIOMEDICAL SCIENCES

NATURAL SCIENCES

Mathematics and Biochemistry (ISCED 0541/0542)

Study Programmes taught in German:
- Biochemie (B.Sc./M.Sc.)
- Biologie (B.Sc./M.Sc.)
- Industrielle Biotechnologie (M.Sc.)
- Pharmazeutische Biotechnologie (M.Sc.)

Study Programmes taught in English:
- Biology (M.Sc.)
- Molecular and Translational Neuroscience (M.Sc.)

Departmental Coordinator:
Professor Dr. Philipp von Wrangel
philipp.wrangel@uni-ulm.de

Incoming Students’ Advisor:
Anika-Hermann-Purcell
anika.hermann@uni-ulm.de

Physics

Study Programmes taught in German:
- Physik (B.Sc./M.Sc.)
- Wirtschaftsphysik (B.Sc./M.Sc.)

Study Programmes taught in English:
- Advanced Materials (M.Sc.)
- Physics (M.Sc.)
- Biophysics (M.Sc.)

Departmental Coordinator:
Professor Dr. Susana Fernández Huelga
susana.huelga@uni-ulm.de

Chemistry

Study Programmes taught in German:
- Chemie (B.Sc./M.Sc.)
- Chemieingenieurwesen (B.Sc./M.Sc.)
- Wirtschaftschemie (B.Sc./M.Sc.)

Study Programmes taught in English:
- Energy Science and Technology (M.Sc.)

MEDITATION

Study Programmes taught in German:
- Medizin (B.Sc./M.Sc.)
- Biomedizin (B.Sc./M.Sc.)
- Pharmazeutische Biotechnologie (M.Sc.)

Study Programmes taught in English:
- Biomedizin (B.Sc./M.Sc.)
- Pharmazeutische Biotechnologie (M.Sc.)

Departmental Coordinator:
Professor Dr. Mika Lindén
mika.lindén@uni-ulm.de

Incoming Students’ Advisor:
Anne Leins
anne.leins@uni-ulm.de

DO I HAVE TO SPEAK GERMAN?

Yes, of course you should speak German if you are planning to live and study in Germany for a semester or two. How little or how much depends on what you plan to study.

- Our programmes in Medicine and Dentistry are taught in German. Whether you are studying in the classroom or have practical training in the hospital, where you interact with patients and nurses, good command of German is a must.
- Our Bachelor programmes are mainly taught in German, even though we are making an effort to offer more and more courses in English. A lot of our Master programmes are taught completely in English, but there are also a lot of courses taught in German. Thus, it always depends on your chosen subjects and the teaching language in your courses, whether you need to speak German - or if good English is sufficient.
- If you plan to do a project in one of our labs or do your final thesis during your Erasmus+ mobility, good English is sufficient.

What is „good German“ or „good English“?

By the time you start your studies at Ulm University, you should have reached level B2 in the language(s) of instruction. However, at the time of application, we only ask you to submit a „Certificate of Language Proficiency“ that proves Level B1. We even accept applications from students who have only level A2 in German at that time. However, if they are accepted, participation in our intensive German language course in March or September, before the start of the official lecture period, is mandatory for them.

For more information see:
www.uni-ulm.de/en/io/mob-in/planning-language-issues
