- Incoming students will also be allowed to sign up for other BA degrees offered at the University of Barcelona¹
- Main languages of the courses: Catalan and Spanish

MASTER'S DEGREES

MASTER IN ANALYTIC PHILOSOPHY

The master's degree in Analytic Philosophy is mainly intended for students who want to pursue advanced research in theoretical and practical philosophical considerations from an analytical perspective. The programme is open to students who have not gained sufficient familiarity with the assumptions and methods of analytical philosophy during their undergraduate studies.

- Courses offered and other information:

- Course languages: Catalan: 40%, Spanish: 40%, English: 20% (Specialization in English: English 100%)

MASTER IN COGNITIVE SCIENCE AND LANGUAGE

The general aim of the master's degree in Cognitive Science and Language is to provide training to language researchers from three scientific perspectives: those of the linguist, the cognitive psychologist and the analytic philosopher. Interdisciplinary training in each of these areas will enable students to monitor and appraise new contributions in the other two areas.

- Courses offered and other information:
<http://www.ub.edu/estudis/en/mastersuniversitaris/ccil/introduction>
- Course languages: Catalan: 10%, Spanish: 10%, English: 80%

MASTER IN CONTEMPORARY THOUGHT AND CLASSICAL TRADITION

This master programme provides an overview of the most important writers and issues in contemporary thought, encouraging students to consider how contemporary issues acquire more profound significance when viewed from a historical perspective. The course examines contemporary schools of thought such as hermeneutics, post-structuralism and philosophies of difference.
